

CORPORATE GOVERNANCE STATEMENT 2010

In 2010, Tecnotree abided by the Finnish Corporate Governance code for companies listed on the NASDAQ OMX Helsinki Ltd. with one exception from recommendation 9. This statement has been prepared separately from the Report of the Board of Directors and in accordance with the Finnish Corporate Governance Code 2010. The Finnish Corporate Code 2010 can be found at www.cgfinland.fi and this statement at www.tecnotree.com.

Description of the composition and operations of the meeting of shareholders, board and board committees and other controlling bodies

Meeting of Shareholders

Tecnotree's Annual General Meeting of Shareholders is the company's highest decision-making body. The responsibilities of the Annual General Meeting are defined in the Finnish Companies Act and the Articles of Association of the company. The most important responsibilities include amending the Articles of Association, approving the financial statements, deciding on the dividend to be paid, discharging the Board members and the President and CEO from liability, appointing Board members and auditors and deciding on their fees.

Board of Directors

The tasks and responsibilities of Tecnotree's Board of Directors are defined in the Finnish Companies Act and in other applicable legislation, according to which the Board of Directors is responsible for the appropriate organisation of business operations and corporate administration. The Board also ensures that the company's accounting and financial administration is supervised appropriately. Furthermore, the Board is responsible for promoting the interests of the company and all its shareholders by pursuing a business policy that in the long-term ensures the best possible return on capital invested in the company.

Tecnotree's Board of Directors consists of a minimum of three and a maximum of eight members, as outlined in the Articles of Association. The Annual General Meeting elects the Board and confirms the number of Board members. The Board of Directors elects the Chairman and Vice Chairman among its members for a term of one year at a time. The term of office of Board members expires at the end of the first Annual General Meeting following election. The Board of Directors appoints the President and CEO of the company.

The members of Tecnotree's Board have no special duties related to being a member of the Board other than those designated by law. Some Board members are also members of Board Committees and one Board member has also an operative responsibility at Tecnotree.

To support its work, Tecnotree's Board of Directors has confirmed charter that defines the Board's duties and work methods, as well as meeting and decision-making procedures.

In order to carry out its duties, the Board shall:

- decide upon the group strategy and approves the business strategy
- approve the values of the company and its subsidiaries
- approve the annual business plan and investment plan and supervises their realization
- decide upon the central organization structure and leadership system of the company
- discuss and approve the accounts and interim reports
- define the dividend policy of the company and makes a proposal to the annual general meeting as to the amount of dividend paid
- appoint the managing director of the company and the deputy managing director, decide upon their remuneration and conditions of employment

- decide on the appointment of the members of the company's management group and their remuneration
- approve the principles and methods for ensuring the reliability, suitability and competence of the persons trusted with the direction of the company and its subsidiaries
- decide on the remuneration systems of the company's executives and the principles of the remuneration systems for other personnel
- decide on strategically or economically important investments and the purchase and sale of companies or similar arrangements
- approve annually the risk management strategy of the company and the significant principles of risk management
- decide upon the capital structure of the company and approve annually the fund-raising plan of the company
- approve the principles of internal control and internal audit and the audit plan
- approve annually the continuity plan for essential areas of operation and the information technology plan and
- be responsible for the other duties assigned to it under the Finnish Companies Act or other regulation

The charter of the Board of Directors can be found at www.tecnotree.com

The Annual General meeting of 25 March 2010 confirmed that the Board of Directors will consist of eight (8) members, and the Board members were elected for a period of office expiring at the end of the first Annual General Meeting following the election.

Tecnotree's Board of Directors has assessed the Board members' independence of the company and shareholders in compliance with the Finnish Corporate Governance Code's recommendations. Based on the assessment, one Board member is dependent on the company: Atul Chopra has also an operative responsibility at Tecnotree Group i.e. COO and President and Managing Director for the Indian subsidiary, Tecnotree Convergence Ltd.

Tecnotree's Board of Directors convened 13 times in 2010. The average attendance of members at Board meetings was about 95 per cent.

Description of the main features of the internal control and risk management systems pertaining to the financial reporting process

Objectives for internal control and risk management

The objective of the internal control and reporting methods is to ensure that the company's operations are efficient and that information is reliable and that official regulations and internal operating principles are followed. The Group's financial management is responsible for performing and guiding the internal control as instructed by Audit Committee.

The task of risk management is to identify, manage and track the major risks in the Group's business and business environment to enable the Group to achieve its strategic and financial goals in the best possible way. The Group's management board is responsible for risk management.

Control activities

The main control activities include preparing up-to-date forecasts, analysing deviations in actual data versus forecast and previous periods, performing transaction and process level controls and internal audits.

Based on the strategic plans yearly budgets and action plans containing financial and other targets are prepared. Action plans are broken down into more detailed levels. Development discussions are used for setting and following targets for employees. The consolidated budget is prepared and presented to the Board of Directors. An updated forecast is presented to the Board of Directors in each meeting. Monthly reports contain actual and forecasted figures for past and future performance.

The Group's financial management together with the relevant levels of management prevents, discovers and corrects deviations and possible errors in the monthly reporting. Line organisation is responsible for budgets and forecasts. The role of Group's financial management is to collect these plans according to accepted timetables and to control their reliability. Substantial deviations and possible errors with corrective actions are reported to the Board of Directors.

The Group's financial department performs controls pertaining to the correctness of external and internal reporting. Due to the nature of business a lot of emphasis is put into controlling revenue recognition and receivables.

Risk management

Risk surveys are made yearly, defining the key risks, actions and responsible persons for preventing the realisation of risks. The Group's financial management is responsible for managing foreign exchange, interest rate and liquidity risks and for taking out insurance against operational risks.

The Management Board handles risks and risk management in its meetings on a regular basis and reports the overall risk assessment to the Audit Committee.

The methods in financial reporting and control at the group decrease the risks pertaining to the financial reporting: Majority of transactions at the parent company level, common chart of accounts and IFRS

principles applied, common systems with comprehensive database, centralised treasury and financing, and an easy-to access archive for contracts and policies.

Guidelines and Policies

Corporate governance is implemented through documented policies. The main policies are policy for making sales agreements, credit policy, cash management policy, policy for hedging against currency risks, policy for making purchase agreements and approval policy. The Board of Directors approves Tecnotree's Group level policies. The subsidiaries and foreign offices of the parent company have issued guidelines and policies for their own specific purposes that are in line with the Group level policies.

Internal audit

The internal audit plan is presented to the Audit Committee in connection with the yearly external audit plan. Internal audits are performed by external consultants, external auditors or by Tecnotree employees having experience, authority and independence over the audit in question.

External audit

The main task of the statutory audit is to confirm that the financial statements give a true and fair view of the company's financial performance and position for the period ended. The auditor reports regularly to the Audit Committee and audits the correctness of external annual financial reports and, based on them, issues an auditor's statement to shareholders.

Tecnotree's auditor in the financial year 2010 was KPMG Oy Ab, and the principal auditor Sixten Nyman, Authorised Public Accountant.

Insider management

Tecnotree complies with the Guidelines for Insiders issued by NASDAQ OMX Helsinki Ltd. The company has also introduced its own insider guidelines, which include instructions for both permanent and project-specific insiders. These guidelines have been distributed to all insiders, and they are available to all Tecnotree employees. The company keeps its insider register in the SIRE system maintained by the Euroclear Finland Ltd.

Information and Communication

Non-financial and financial information is provided for the management in order to follow up the achievements of targets. An internal meeting about the same, to which all Tecnotree employees are invited, is kept at least each quarter. Employees are encouraged to give feedback and communicate suspected misconducts either during these internal meetings or in other, more discrete ways.

All external communication is carried out in accordance with the Group Disclosure Policy, which can be found at www.tecnotree.com.

The deviation from the Corporate Governance recommendations

Tecnotree Corporation deviates from recommendation 9 of the Finnish Corporate Governance Code 2010 in so far as only one gender is currently represented in the Board of Directors. The company considers it important that the members of the Board of Directors have strong knowledge of the industry. Unfortunately, it was not possible to find a female member with suitable experience for the current Board. However, it is an imperative long-term goal of the company to have Board members representing both genders, and the company will continue to work to achieve this goal.
